

CENTRALUS CONTROLLERS

PLASTIC PEDESTAL (2017 TO PRESENT)

Beginning in 2017, plastic pedestals for all controllers changed to a new design. Models affected include the original ICC, I-Core, and ACC controllers. (Note: ACC2, ICC2, and HCC controllers have only been offered with the new design.)

Parts for the new design are not interchangeable with the older design. Before ordering replacement parts, be sure to correctly identify which pedestal you have. While all plastic parts between the two pedestals are different, the easiest way to determine what style you have is to look at the door design:

- Old style: Air vents are located only on the bottom of the door (below the Hunter logo).
- New style: Air vents are located on the top and bottom of the door (above and below the Hunter logo).
